Functional Skills Maths Course

This course will help you to improve and develop maths skills.

You will learn about:

- Adding, subtracting, multiplying and dividing
- Fractions, percentages and decimals
- Working with money, time and metric measurements
- Using tables and charts to present and explain data

You will learn at your own pace through:

- Group, paired and individual tasks
- Paper based activities
- Demonstrations and practical activities
- Independent and online study using Google Classroom, with online tutor support

You will have the opportunity if appropriate to complete a Functional Skills Maths qualification at Entry Level, Level 1 or Level 2. Completion of the course could enable you to progress into further/higher education or employment.
