### Introduction to Child Psychology 5 Week Course

This course is for anyone interested in understanding children's behaviour and development. You will discover how children think and behave as well as how their learning can be supported.

You will learn about:

- The different views in psychology
- The influence of role models on behaviour
- How rewards and punishments effect behaviour
- The ways children learn at different ages

The knowledge from this course will help you to prepare for further study or a career working with children. You could consider progressing onto courses in Supporting Teaching and Learning or Childcare.
